PUBLIC SCHOOLS

Gifted and Talented Services Parent Inventory Forms

The state requires districts to identify gifted and talented students beginning in Kindergarten. Gifted and talented students are defined by the State Board of Education as those students who possess or demonstrate high levels of abilities in one or more content areas, when compared to their chronological peers in the district and who require modification of their educational program if they are to achieve in accordance with their capabilities.

We recognize that parents possess valuable information about the learning characteristics of their children. Please use this form to share your insights about your child. Completion of this form does not guarantee that your child will be identified as eligible to receive gifted and talented services.

Parents of students identified as eligible to receive gifted and talented services will receive written notification of their child's eligibility.

Please return this form to your child's teacher or principal by April 28, 2017.

Incoming kindergarten students and students who are new to Lawrence Township Public Schools please return this form to your child's teacher or principal within 15 days of enrolling. For additional information, please visit the district website, Administration >> Office of Instructional Services >> Special Programs >> Gifted and Talented at www.LTPS.org.

Student Name: _____ Date: _____

School: _____ Teacher: _____ Current Grade: _____

Parent/Guardian Name(s): _____
